

## Restore

1. While holding down the [3] button, turn on the power.  
All buttons blink orange.
2. Connect your computer to the SE-02's USB port via USB cable.  
All buttons are lit orange, and a drive named "SE-02" appears on your computer.
3. Copy the backup files into the "PATCH," "PATTERN," and "SONG" folders of the "SE-02" drive.
4. When copying is completed, eject the USB drive on your computer, and disconnect the USB cable.  
All buttons are lit orange/red.
5. When all buttons blink orange, turn off the power.

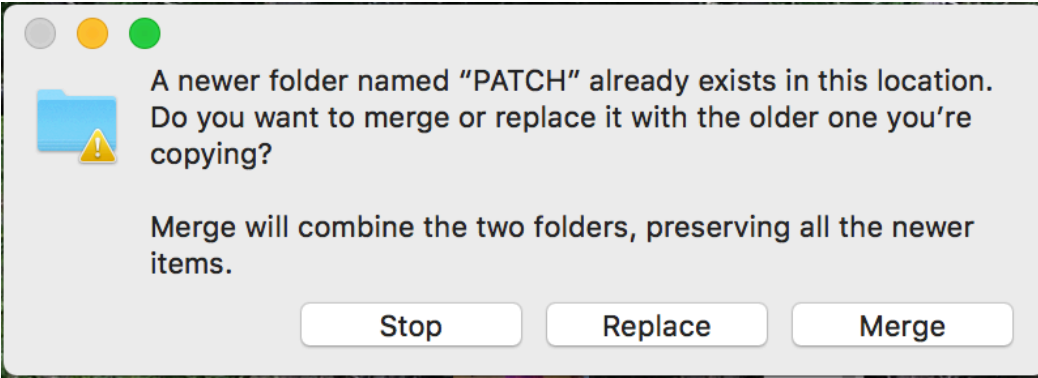

### 3. Replacement: Decompress MSRs-ABCs-n-Minis.zip.

If the sub folder containing "MSRs-ABCs-n-Minis" patch data is named "MSRs-ABCs-n-Minis", please rename to "PATCH" (all caps) and drag/copy and paste it onto the SE-02 Drive icon.

**IMPORTANT: Will erase and replace all patches currently in your USER bank!**

**Replace is the option you want.**

**Proceed to 4, 5.**

**Power on unit; "MSR's ABCs & Minis" are now loaded into your USER bank.**

Best,  
SE
